

DECHLOR DEMON™

Patent Pending

Dechlor Demon™ SPECIFICATIONS

MATERIAL

Body – Steel ASTM-A513/5

Pickup Tubes – 303 Stainless Steel

Swivel Coupling – 6016-T6 Hard Coated Aluminum

Hoses –

5/8" ID PVC Nylon Braid Reinforced

WWP 200 PSI @ 70°F

WWP 100 PSI @ 122°F

Quick Disconnect Couplings –

1700 PSI WWP

Brass with 303 Stainless Steel Hardware

O-rings – BUNA-N

Mixing Tank –

Inner shell – Polyethylene

WWP – 150 PSI

Max Operating Temperature – 120°F

Safety factor – 4:1 (minimum burst at 600 PSI)

Standard size tank (other sizes available on request)

6"D x 18"H including manifold and couplings

Capacity – 1.1 gallons / 4.2 Liters

DD body 2 ½"

2 ½" NH female swivel x 2 ½" NH male

Overall length including swivel coupling – 7"

Overall width including ball-valves and couplings – 17"

Weight – 8 pounds

DD body 4" and 4 ½"

4" NH female swivel x 4" NH male

4 ½" NH female swivel x 4 ½" NH male

Overall length including swivel coupling – 7"

Overall width including ball-valves and couplings – 17"

Weight – 18 pounds
